

**The minimum for MISH students from the 2025/26 academic year onwards
(Cognitive Science programme – second-cycle studies)**

Interfaculty students are subject to the same requirements as other *Cognitive Science* students regarding the minimum ECTS credits for each module and the completion of Diploma Seminars and Research Labs. For interfaculty students, the minimum total number of ECTS credits across all modules is set at 50. The following table presents the details.

Courses & Modules	ECTS		h
Diploma Seminar (sem. 1–4)	12		90
Research Lab (sem. 2–4)	10		150
<i>Experimental Methods</i> module	8*	50**	na
<i>Programming & Modeling</i> module	10*		
<i>Statistics & Machine Learning</i> module	6*		
<i>Language</i> module	7*		
<i>Philosophy</i> module	4*		
<i>Cognitive Neuroscience</i> module	6*		
SUM	72		

* Minimum for a given module. Together these minima sum up to 41.

** Minimum for all modules. The difference between 50 and 41 means that, on top of earning required minima for individual modules, students need to earn 9 more ECTS credits by completing additional courses from the module(s) of their choice.
